

The City of Flint, through its Department of Community and Economic Development, is seeking proposals from qualified individuals and consulting firms with experience in program design, development, and implementation to assist in the creation of a poverty reduction model under the working title of Community Resource Center. The Community Resource Center (CRC) model will serve residents within the City of Flint through a holistic, accessible, high service delivery system. The model will be designed to empower residents to emerge from poverty and become self-sufficient. Direct services will be provided to educate youth, beginning at an early age, and to help families build assets and gain access to jobs and stable/affordable housing.

A Request for Proposal package can be obtained at the City of Flint's Department of Community and Economic Development - South Building, 1101 S. Saginaw Street, Flint, MI 48502, or by calling (810) 766-7436. Proposals are due by 5:00 p.m., Thursday, December 9, 2010 at the City of Flint's Department of Community and Economic Development.

The City of Flint is an Equal Opportunity Employer.
